API & Development Tools: Postman, Thunder Client, Cursor, Visual Studio Code

Version Control & Collaboration: Git, GitHub, Branching, Pull Requests, Code Reviews, Collaborative Development

Professional Skills: Agile Development, Sprint-Based Development, Technical Mentoring, Communication, Collaboration, Problem Solving, Debugging

PROFESSIONAL EXPERIENCE

HiringMine | Frontend Developer

Karachi, Pakistan | Jan 2025 - Present

- Develop and maintain React.js-based job-portal interfaces using reusable components, responsive layouts, Redux, Tailwind CSS, and Material UI.
- Integrate REST APIs and backend services into frontend workflows, managing application data, dynamic UI states, and user interactions.
- Optimize frontend workflows, troubleshoot application issues, and improve responsiveness, maintainability, and overall user experience.
- Collaborate on production-oriented features through Git/GitHub workflows, code reviews, and iterative development cycles.

Saylani Mass IT Training (SMIT) | Web Development Trainer

Karachi, Pakistan | Jun 2025 - Present

- Deliver beginner-to-advanced web development training covering HTML5, CSS3, Bootstrap, JavaScript, responsive design, Git/GitHub, frontend development, and backend development.
- Mentor students through hands-on coding, real-world web application development, debugging, problem-solving, and project-based learning.
- Guide students in building responsive and interactive web applications while applying modern development practices and clean coding principles.
- Conduct practical assessments, code reviews, project guidance, and technical mentoring throughout the learning journey.

AI-Recruiter Feature | Full Stack Developer

Karachi, Pakistan | Feature Development

- Develop React.js-based interfaces and API integrations for an AI-powered recruitment feature.
- Build and maintain MERN stack functionality using reusable frontend components and backend service integrations.
- Connect frontend workflows with backend services and implement responsive recruiter-facing functionality.

Techcoders | Frontend Developer

Karachi, Pakistan | Jun 2024

- Developed resume-creator application interfaces using React.js and implemented responsive, reusable UI components.

- Integrated frontend functionality with application APIs and improved usability across core resume-building workflows.

FREELANCE PROJECTS

Branding Hopes | Frontend Developer

Remote | Sep 2024 - Nov 2024

- Developed responsive, mobile-friendly interfaces using React.js and Tailwind CSS with reusable components and consistent layouts.
- Implemented dynamic forms and interactive UI functionality for improved engagement and usability across devices.

Webdezeen | Frontend Developer

Remote | Jul 2024 - Aug 2024

- Built responsive frontend components using React.js and Tailwind CSS based on project requirements and design needs.
- Developed interactive interfaces and reusable components with a focus on responsive behavior and maintainable code.

Delta Management | Frontend Developer

Remote | Mar 2024

- Created responsive frontend layouts using modern CSS and component-based development practices.
- Implemented mobile-friendly interfaces and reusable UI elements for client-facing web functionality.
