Urdu (Native) | English (Professional Working Proficiency)

About Me

Passionate and self-driven Frontend Web Developer with hands-on experience building responsive, modern web applications using HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Redux Toolkit, SCSS, and Supabase. Currently in the final month of a yearly Diploma in Web & App Development, with backend training in Node.js, Express.js, and MongoDB in progress. Strong foundation in clean code, reusable components, responsive UI development, Git version control, and problem-solving. Eager to begin a professional software engineering career and contribute to high-quality development teams.
