PROFESSIONAL SUMMARY

Results-driven and detail-oriented professional with a dual academic background in Information Technology and Eastern Medicine. Final-semester BS Information Technology student at Virtual University of Pakistan and a professionally qualified Fazil-e-Tibb Wal Jarahat (FTJ) practitioner. Currently serving as Technical Project Manager at Digitaurus Tech, with hands-on experience in project coordination, digital operations, technical communication, and workflow management. Passionate about technology, innovation, leadership, healthcare, and modern digital solutions.

PROFESSIONAL EXPERIENCE

Technical Project Manager — Digitaurus Tech

Managed end-to-end technical and digital projects from initial planning through successful execution and delivery.
Coordinated cross-functional teams including developers, designers, and stakeholders to ensure timely project completion.
Maintained clear technical documentation, project logs, progress reports, and status updates throughout project lifecycles.
Led development of a Portfolio Website and a fully responsive Travel & Tour Website built with HTML, CSS, and JavaScript.
Streamlined digital workflows and communication processes to improve team efficiency and project transparency.

Key Projects

Portfolio Website: Designed and developed a personal portfolio website showcasing technical skills and project work.
Travel & Tour Website: Built a fully responsive, multi-page Travel & Tour website using HTML, CSS, and JavaScript with Bootstrap framework.
Applied UI/UX design principles and web layout best practices to deliver clean, user-friendly interfaces.
