SUMMARY

Skilled and passionate **Web Developer & Designer** with expertise in building modern, responsive web applications using **React.js**, **Tailwind CSS**, and **JavaScript**. Proficient in workflow automation with **n8n**, AI tools integration, and deploying scalable digital solutions. Strong focus on clean UI/UX architecture, performance optimization, and mobile-first design to deliver impactful user experiences.

PROFESSIONAL EXPERIENCE

07/2026 – Present
Karachi, Pakistan

Dream Official Workspace
Full Stack Developer

- **Web Development & Design:** Built responsive, user-friendly web applications and e-commerce designs using React.js, Tailwind CSS, and JavaScript.
- **Workflow Automation:** Integrated n8n automation and AI tool solutions to streamline business processes and enhance project efficiency.
- **UI/UX & Optimization:** Designed minimalist, modern UI/UX interfaces while ensuring high performance, fast loading speeds, and mobile responsiveness.
- **Deployment & Version Control:** Managed application lifecycles using Git/GitHub and successfully deployed client portfolios on Netlify.

EDUCATION

07/2026 – Present
Karachi, Pakistan

Web & App Development & Designing
Aptech Computer Education
Hands-on professional training in Web Development, IT Fundamentals, and Modern Web Applications. Gained expertise in HTML5, CSS3, JavaScript, React.js, and backend concepts while working on real-world projects and assignments.

SKILLS

Skilled and detail-oriented Web Developer and IT Professional with expertise in building responsive, modern web applications using React.js, JavaScript (ES6+), Tailwind CSS, HTML5, and CSS3. Proficient in backend scripting and API connectivity with Python, alongside designing automated workflows and integrating AI solutions using n8n. Adept at version control and deployment via Git, GitHub, and Netlify, with a strong focus on minimalist UI/UX architecture, mobile-first design, cross-browser compatibility, and web performance optimization.
Versatile digital creator and technical specialist skilled in bridging the gap between design, content production, and AI-driven workflow optimization. Adept at full-stack portfolio execution, e-commerce layout design, and modern office productivity solutions. Experienced in leveraging advanced AI video generation and media tools (including InVideo, Kling AI, Runway, and Hedra) to produce dynamic promotional reels and digital assets, complemented by a strong eye for abstract, minimalist UI branding and seamless client-facing web experiences.

CERTIFICATES

Certificate in Information Technology (CIT)
Certified by Global Computer Institude, covering core IT fundamentals, web development, and software tools.

Agentic AI & Workflow Automation Certificate
Specialized certificate in Agentic AI systems, autonomous agents, and n8n workflow integration from Aptech Malir Branch.

Web & Mobile Application Development & Designing
Certified in modern Web & App Development (Saylani Mass IT Training), focusing on HTML5, CSS3, JavaScript, React.js, UI design, and Git/GitHub version control.

PROJECTS

09/2026 – Present

HOOR Collection E-Commerce & Media
E-Commerce Web Design & AI Video Integration
Designed a luxury apparel e-commerce web interface with clean product showcase layouts. Produced high-quality AI-generated promotional reels using Kling AI and Runway to boost digital marketing and client visual branding.

07/2026 – Present

Personal Developer Portfolio
Web Application / Personal Branding
Designed and developed a modern, minimalist developer portfolio using React.js and Tailwind CSS. Integrated smooth visual components, mobile-first responsive layout, and deployed on Netlify for seamless live access.
